I want to simplify my skincare routine. Can you suggest a small, ethical brand that sells multi-use products?

Based on your preferences for a **small, ethical** brand that sells **multi-use products**, I recommend **Purito**.

Why Purito?

- **Ethical Practices:** Purito does not conduct animal testing and offers vegan products like the *From Green Cleansing Face Oil*, which is free from unnecessary chemicals.
- **Multi-Use Product:** The *From Green Cleansing Face Oil* can be used for multiple purposes, such as removing makeup, cleansing the skin, and hydrating. It's versatile enough to simplify your skincare routine into one effective step.

How It Works:

1. Apply a small amount of oil to your face.
2. Gently massage it in to dissolve makeup, impurities, and excess sebum.
3. Add water to create an emulsion and rinse off for clean, hydrated skin.

If you're looking for a brand that aligns with your values and offers simplicity in skincare, Purito is an excellent choice!

Does purito have a moisturizer with Sun Protection Factor?

Yes, Purito offers products with sun protection factor (SPF) that also serve as moisturizers. Here are a couple of options:

1. **Purito Daily Soft Touch Sunscreen**
  - This is a light protective face cream with SPF 50+. It provides hydration and soothes sensitive skin while protecting against UVA/UVB rays. It has a lightweight texture, absorbs quickly, and leaves your skin feeling hydrated and protected.
2. **Purito Daily Go-To Sunscreen (Travel Size)**
  - Another option is the travel-sized version of their sunscreen, which also offers SPF 50+ protection. It hydrates the skin, soothes irritation, and creates a transparent finish without leaving a white cast. It's perfect for daily use and can be applied under makeup.

Both products are vegan, free from harmful ingredients, and do not involve animal testing. They align well with your preferences for small, ethical brands offering multi-use products.

What are the active ingredients in purito's Daily Soft Touch Sunscreen?

Purito's Daily Soft Touch Sunscreen contains a variety of active ingredients designed to protect and care for the skin. These include:

- **Panthenol:** Contributes to protecting and strengthening the skin barrier while providing hydration.
- **Ceramides (NS, NP, AS, AP, EOP):** Help maintain moisture levels, prevent moisture loss, strengthen the skin barrier, and support overall skin balance and hydration.
- **Centella Asiatica Extract:** Helps soothe sensitive and irritated skin.
- **Tocopherol (Naturally Occurring Vitamin E):** Seals in moisture and protects the skin from stress.
- **Alpha-Bisabolol:** Illuminates the skin and supports a more even tone.

These ingredients work together to provide high protection against UVA and UVB rays while keeping the skin hydrated, calm, and healthy.
