I need a gentle product for sensitive skin. I don't mind where the brand is from, but it should not test on animals.

Based on your preference for products that do not test on animals, here are some brands to consider:

- SKIN1004:** This brand is certified cruelty-free by PETA's Beauty Without Bunnies program and does not test its finished products or ingredients on animals. It is also 100% vegan, which may align well with your needs for sensitive skin.
- Beauty of Joseon:** This South Korean skincare brand is verified cruelty-free by Cruelty-Free Kitty and avoids animal testing. While it is not entirely vegan, it offers some vegan-friendly products that are clearly listed.
- Bielenda Professional:** This Polish clinical skincare brand holds triple certification for its cruelty-free status from PETA's Beauty Without Bunnies program, Leaping Bunny, and Cruelty-Free Kitty. It is also 100% vegan certified by The Vegan Society, making it a strong option for sensitive skin.

All of these brands align with your requirement to avoid animal testing. Let me know if you'd like more details about specific products or formulations!

Which of the products have calming ingredients like centella asiatica or oat extract?

Based on the information provided about SKIN1004 and Purito products, here are the products that contain calming ingredients like **centella asiatica**:

1. SKIN1004 Madagascar Centella Cream

- Key Features:**
 - Gentle moisturizer for sensitive skin.
 - Contains centella asiatica extract grown in Madagascar to soothe and hydrate.
 - Also enriched with squalane (strengthens the protective barrier) and niacinamide (brightens the skin).
 - Vegan-friendly.

2. SKIN1004 Madagascar Centella Ampoule

- Key Features:**
 - Hydrating serum for sensitive, dry, or problematic skin.
 - Centella asiatica extract soothes irritation and restores balance.
 - Gentle formula with no stinging effect.
 - Vegan-friendly.

3. SKIN1004 Madagascar Centella Light Cleansing Oil

- Key Features:**
 - Makeup remover and cleanser for sensitive skin.
 - Contains centella asiatica extract to soothe the skin and deliver hydration.
 - Gently removes makeup, impurities, and excess sebum without irritating the skin.
 - Vegan-friendly.

4. Purito Wonder Releaf Centella Serum Unscented

- Key Features:**
 - Regenerating serum for sensitive or irritated skin.
 - Contains centella asiatica extract to soothe redness and irritation.
 - Also includes allantoin (hydrates and improves texture) and peptides (support suppleness).
 - Fragrance-free, vegan, and hypoallergenic.

Summary:

All the products listed above contain **centella asiatica**, a calming ingredient that soothes sensitive skin. None of the products mentioned in this context include **oat extract**, but they all provide effective soothing properties for sensitive skin. Let me know if you'd like more details about any specific product!

Can I use these products daily?

Yes, all of these products are formulated for daily use. Here's a summary of how they can be incorporated into your skincare routine:

SKIN1004 Products:

1. Madagascar Centella Ampoule

- Use: Day and night.
- Apply after cleansing and toning. It is gentle enough for daily use to soothe, hydrate, and strengthen sensitive skin.

2. Madagascar Centella Cream

- Use: Day and night.
- This lightweight moisturizer can be used daily to provide hydration, calm irritation, and strengthen the skin's protective barrier.

Purito Products:

1. Wonder Releaf Centella Serum Unscented

- Use: Day and night.
- Apply after toning as part of your daily skincare routine. It is gentle enough for sensitive skin and helps soothe irritation while restoring balance.

2. Wonder Releaf Centella Toner Unscented

- Use: Day and night.
- This toner can be used daily to cleanse, hydrate, and soothe the skin. It is free of alcohol, fragrances, and essential oils, making it suitable for sensitive skin.

All these products are gentle, vegan, and cruelty-free, aligning with your preferences for sensitive skin care. They can be safely incorporated into a daily skincare routine.
